ASUS Chromebook Flip CR1 is geared to unleash student creativity and potential with robust and attentive design. The ruggedised construction endures the stresses and strains of

CHROMEBOOK PACKAGE 2023/2024

everyday use and ASUS Antibacterial Guard¹ protects student from harmful organisms in the classroom or outdoors. Featuring an easy-to-service modular design and zero-touch enrollment in IT networks, Flip CR1 is also a smart investment for education environments of all types. It supports up to WiFi 6 and 4G LTE² for fast connectivity, has a garaged stylus³ and dual cameras for versatile experiences, and long-lasting battery life for uninterrupted learning — making it the student laptop to beat.

Ultimate rugged design, All-round protection

ASUS Chromebook Flip CR1 is engineered to withstand everyday knocks, bumps, drops and spills without damage. So, whether it's dropped from a classroom desk or the dining-room table, ASUS Chromebook Flip CR1 is built to keep on going.

All four exterior edges and corners are protected by a tough rubber bumper, which reduces the impact of physical shocks to ensure critical components are always safe and sound.

Tamper-resistant

The gap between the edges of the keycaps and the keyboard surround is minimised to prevent the keys from being pried out.

Safe to hold

A rubber bar on the base provides a sturdy support for ASUS Chromebook Flip CR1 while also making it easier to grip when carrying — a thoughtful design detail that reduces the risk of fumbles or slips that lead to drops.

CHROMEBOOK PACKAGE 2023/2024

US Military Grade Durability

Classrooms can be tough, but ASUS Chromebook Flip CR1 is tougher! Built to surpass demanding US military-grade MIL-STD-810H durability standards⁵, it's also rigorously tested to pass stringent ASUS quality tests. It can withstand occasional drops of up to 120 cm — more than standard desk height — and the hinge and I/O ports are fully tested to endure the stresses and strains of everyday use.

Drop Test
Multi-sided, 120 cm drop tests while powered on

I/O Port-durability Test
5,000 test cycles to ensure the durability

Hinge Test
50,000 open-and-close test cycles

Pressure Test
28 kg force tests lid and bottom durability

Scheme purchased devices - These benefit from us processing all warranty and insurance claims on your behalf. We may also provide a loan unit (subject to availability) while your child's device is away for repair.

Non-Scheme purchased devices - These, you would be responsible for dealing with any issues that arise, but we may be able to offer chargeable repairs.
