# ***How can you apply for a Pfizer apprenticeship?***

Visit - [Home - Cogent Skills](#) for details and how to register your interest!

All our apprentice roles will be advertised on the Cogent website <https://cogentskills.com/companies/pfizer/> as well as on LinkedIn, ACAS and Gov.UK.

Typically, new roles are posted throughout October/November/December and remain open until March!

“I’d highly recommend an apprenticeship to anyone considering their next steps. It’s a great way to gain experience, earn while you learn, and explore your interests in a practical environment. If you enjoy hands-on learning and want to build your career from the ground up, it’s a brilliant option!” **Monica Johnson – Marketing manager apprentice**
