

POLITICS- SUMMER TASK: State of Chaos

The last decade of UK politics has been very turbulent, and a huge amount has happened.

Your understanding of the course will be hugely enhanced by understanding these events. Last year, the BBC produced the 3 part documentary series “State of Chaos”, which unpacked these events from the Brexit referendum onwards.

Your task is to **watch these 3 episodes**, and **make notes under the question headings for each of them**. We will be discussing these in September, so ensure that **you bring your notes with you to our first lesson** so I can check you have completed this.

Your notes can be reasonably brief, but **must be understandable to you** for when we discuss the episodes. You can either complete this on paper OR on computer, but if these are done on computer they should be printed out ready to hand in for checking.
